General Guidelines for Competitions:

- For the Novice and the Intermediate Categories, a list of routine manoeuvres to be performed will be put up on the website of HFAA (www.hi-flyers.in) by 20th January' 2012. Expert category will get their schedule 1 hr before the competition. No specific schedule for Jet category will be provided. Expert category in Heli will be a freestyle routine of participant's choice.
- Maximum Flight time allowed is 15 minutes for Jets and 7 minutes for all other categories.
- Any prop airplane of any size can enter Freestyle category. However, participants willing to enter this category should submit their freestyle routine video to the organizers before 30th January, 2012, to have approval to enter.
- Before entering the competition, all the models will have to be inspected by the Judges. Only after their approval, the model will be allowed to fly.
- Only registered flyers will be allowed to fly / participate in the meet.
- Allotted flight time includes the total time right from the names getting announced until the model lands and taxis back. If not adhered to the timeline, participant will be disqualified from the category
- For any prop category, expert cannot enter the intermediate of any other category and vice versa.

FLYING SITE SAFETY RULES

1. Deliberate flying behind the safety line is prohibited.
2. Each transmitter must display frequency identification.
3. Taxiing is not allowed in the pit area.
4. It is strongly recommended that members do not fly alone.
5. Children should not be permitted beyond the Visitors area unless under the direct supervision of an adult or under flight instruction.
6. The established club frequency control plan will be in force at all times.
7. Helicopter flights are allowed in designated areas only.
8. Models will fly only in pre-designated areas.

FLYING SITE OPERATIONAL RULES

1. Only pilots and assistants are allowed in the pit area.
2. Mufflers are required on all models.
3. Testing of engines is to be performed in specific designated areas.
4. Shelter may not be used as a pit area.
5. The Safety Code will be displayed when the field is open for flying.
6. Pilots shall make appropriate announcement when taking off, landing or emergency situations.
7. Compliance to these safety rules is the responsibility of each participant.
8. First aid kit is at the help desk.

Incase of Emergency or otherwise, HFAA reserves the right to suspend flying activities if deemed necessary. All participants are expected to comply.
